

COMMUNITY GATHERING: TAKE BACK OUR CITY COUNCIL!

THE PEOPLE OF BERKELEY WILL NOT BE SILENCED

 **The Berkeley Council continues to shut out the residents of Berkeley**
City council members have consistently ignored the voice of the people in favor of powerful, well-resourced special interest groups — developers and foreign lobby groups who drown out community concerns.

How much more can we tolerate?

Hundreds of Berkeley residents show up, speak up, and stand up at city council meetings... And still the council votes against the will of the people.

Whether it's the unpopular upzoning ordinance they're trying to ram through without community input, or other major decisions — the pattern is the same:

SPECIAL INTERESTS WIN!

TENANTS, HOME OWNERS, & SMALL BUSINESSES GET IGNORED!

ELECTIONS ARE COMING — Districts 1, 4, 7, and 8 next year.

It's time to take back our city council, reignite Berkeley's identity as a champion of the underserved and a beacon of human rights,
